The Finance Director shared the following report.

FY2025 Grants Status

- IHLS has received written approval on the following FY2025 Special Revenue Grant applications at the requested levels – Cataloging Maintenance Center (CMC) - \$709,016, iLEAD Library Trustee Training (LTT) \$166,321, and Online Computer Library Center (OCLC) - \$175,573.
- IHLS has received written approval for the FY2025 System Area & Per Capita Grant (SAPG) application at the level of \$3,919,852.02.

In the past week, we have received the first half of CMC and OCLC funding along with the 1st quarter iLEAD LTT grant expenditures reimbursement. We have also received \$276,000 of the LSTA federally funded portion of the SAPG. Currently, \$3,260,129.81 of the General Revenue portion of the SAPG is pending at the Comptroller's site and we are hopeful that payment will be issued soon. You will see these receipts reflected on your statements at the January board meeting.

October 2024 Financial Reports

The financial reports included in your board packet represent IHLS' financial activities through October 31, 2024.

On the Statement of Revenues and Expenditures, the column titled, "IHLS Approved FY2025 Total Budget Remaining Percentage", represents the remainder left (based on percentage) of the "IHLS Approved FY2025 Budget". As of October 31, 2024, the target benchmark of the remaining budget should be 67% for all budget line items except "Personnel" which should be 65% based on a total of 26 payrolls for the fiscal year.

Expenses that are under the target benchmarks are listed with an explanation at the bottom of each Statement of Revenue and Expenditure statements.

Statement of Revenues and Expenditures

General Fund

Total Revenues: Year to date (YTD) Actuals are below YTD Budget by 86.9%. Total Expenses: YTD Actuals are below YTD Budget by 2.3%.

SHARE

Fees for Services and Materials: YTD Actuals of \$1,646,311.44 represent 96.6% of the projection in the FY2025 budget. As of October 31, 2024, 96.4% of that amount has been collected. Total Expenses: YTD Actuals are above YTD Budget by 10.2%.

Balance Sheets

General Fund

Cash and Cash Equivalents as of October 31, 2024, the General Fund cash balance was \$3,115,013.85. This balance would fund IHLS General Fund operations for an estimated 6.0 months based on the FY2025 approved expenditure levels. This balance would fund the IHLS General and the special revenue grants for an estimated 5.1 months. A transfer was made for the 50% deposit of the AMHS machines for the amount of \$361,757. This of course impacted the General fund cash balance.

SHARE

Cash and Cash Equivalents as of October 31, 2024, the SHARE cash balance of \$3,249,907.37 represents \$1,228,637.05 of SHARE Reserve Funds, \$100,262.20 of Committed Funds for eBooks Cloud Subscription purchases, and \$1,921,008.12 Unrestricted (SHARE operations). The Unrestricted Funds will fund SHARE operations for approximately 10.4 months based on the FY2025 operations budget.

Illinois State Library Report

Greg McCormick reported the statewide database rollout is in the implementation phase and staff have currently worked with 950 library staff. ISL is working with EBSCO about the Student Online Personal Protection Act (SOPPA) and the vendor will provide a statewide certification and are collecting statistics on use of the database. There has been a remarkable increase in participation across the board. School grant applications are currently under review. 41 school districts that previously received a grant, did not apply this year. ISL is looking into the reason and will share with systems once determined. The Public Library Per Capita Grant application process has just opened with a deadline of January 30, 2025. The Equalization Grant process is also underway, also due January 30, 2025. The FY2025 Construction Grant program applications are open with a due date of January 15, 2025. The status of the federal budget will have an impact on future grants made available.

Communication

Board/Staff Relationships Presentation

Kathy Caudill (Ela Area Public Library District) and Christine Westerlund (Chatham Area Public Library District) presented on board/staff relationships. They explained that these relationships can change frequently with the election of new board members. There are different perspectives and personalities and it's important to realize everyone does not have to agree. Differences can add to the richness of discussion. It's important to use good listening skills, not interrupting and carefully considering questions. It is beneficial to use parliamentary procedures to create efficiency and consistency. They recommend Nancy Sylvester, parliamentarian website as a valuable resource. It's important to be candid with one another and understand inquiry leads to discussion. Board self-evaluation is important to discover the skills and talents of individuals and how they can benefit the board of directors. It can be done in an informal manner as a means of connecting with one another and cultivating relationships. Using reflective practice is important and no fear of tabling topics until a future meeting to allow time for more information or clarification if needed.

Association of Illinois School Library Educators (AISLE) Conference Update

This year's conference held at Tinley Park and IHLS was represented by IHLS staff and board member Emily Pickell. Additionally, Leah Gregory held three presentations and the AISLE president is from a member library and a former IHLS board member (Jacob Roskovensky). IHLS staff in attendance were most impressed by presentations on AI ethics, gamification, the Illinois Digital Heritage Hub, and the Workforce Readiness Toolkit, which has been referred to several of our members already.

Rapid Response Team (Unite Against Book Bans in Illinois)

Tabled for a future meeting.

Grants for IHLS ([Attachment 12.1](#))

A concern was raised about paying a grant consultant and the value it provides the system and members. The Executive Director explained IHLS does not pay per grant awarded and clarified that the consultant has applied for many grants, but it's a competitive process and applying does not ensure an award. Also, member libraries have expressed gratitude for being given information on grants that they would not normally know about or have the time to research.

Legal Support for IHLS ([Attachment 12.2](#))

A board member raised a concern about the hourly rate being paid for current legal services and feels there could be savings by using less expensive attorneys. The HR director explained that the fees current

attorneys charge are all-inclusive including paralegal, document prep and finding a resolution to an issue. Legal firms advertised hourly fees however generally do not include additional charges for document preparation etc. Using long-standing attorneys who know libraries and who have a relationship with the system has an unspoken value.
