SHARE Report

420 SHARE Memorandum of Understanding (MOU) forms have been sent to member libraries, and are quickly being signed and returned. This MOU provides the libraries with information regarding their fees for FY16, the Polaris modules they are presently signed up to use and the associated cost, and what type of cataloging library they are. Presenting this information to libraries prior to invoices being sent later in the summer allows them to make changes in their module use, check the accuracy of their fees, and make changes to their cataloging status.

SHARE staff continue to work diligently at training and assisting transitional members so that they can become full members of SHARE. Regarding the Dream Grant, we have requested and received permission to extend the grant for an additional quarter. The reasons for the request include the following:

- The bulk of the expenditures will take place during the second year of the grant period;
- The requested change will allow the grant to follow the same fiscal year as the Illinois Heartland Library System, as well as SHARE;
- The requested change will allow the grant to cover the cost of two employees for the entire fiscal year, before being absorbed by SHARE;
- The requested change will allow an additional three months to add transitional members to SHARE, which is important due to the overwhelming response we have received from IHLS members interested in joining SHARE. Instead of the original goal of adding 40 members, at present, we have 61 libraries in the process of joining, and are still meeting with prospective new members.
